ZEE BUSINESS BEST B SCHOOL SURVEY RESULTS

The Zee Business survey of India's Best B Schools conducted in association with leading International research firm Synovate throws up interesting findings on how the Best B Schools Stack up in terms of Overall ranking and ranking across essential parameters such as Overall Placements, Global Placements, International Internships, Industry Interface, Intellectual Capital, Course Contents, Infrastructure and Global Faculty. The survey considers only B-Schools that offer two-year programmes.

As top Indian B-schools churn out young managers for a global marketplace, the leading management institutes are looking for ways to become more global. Most of them have been teaching global case studies for years now, but a more complex and global business environment and demanding students and recruiters are forcing them to not just 'globalise' their curricula, but also tie up with B-schools and corporations elsewhere in the world. The idea: create managers who are ready for an increasingly 'flat' world. The Zee Business B School Survey has a special focus on Global Exposure of Indian business schools - be it Global Placements, International Internships or Global Faculty.

Overall Rank		According to Course Content	
S.No	Institute	S.No	Course Contents
1	IIM - Ahmedabad	1	IIM, Ahmedabad
2	IIM - Bangalore	2	IIM, Bangalore
